FRESH FLAVOR AND CONVENIENCE, THE ULTIMATE COMBINATION

Lyons knows fruit and fruit juices. Our ready-to-serve juices give your operation the shelf-stable convenience you need, along with the fresh, “just picked” flavor your customers demand.

FRESH SQUEEZED FLAVOR

- Advanced aseptic processing maintains the fresh flavor and vibrant colors of the juice.
- The special carton liner guarantees superior quality – eliminating the “tinny” or metallic flavor often associated with canned juices.

CONVENIENT STORAGE AND SERVICE

- The Twist ‘N Pour™ cap makes opening the container a snap, eliminating the need for can openers which can contaminate juices and create sharp edges and metal fragments.

- Because the Twist ‘N Pour™ is resealable, you’ll reduce spillage and waste. Juice can also be stored in the carton, eliminating the need for additional storage containers.
- Cartons store easily and efficiently, and crush flat for cost-effective disposal.
